

Words of Life

One of the most challenging things we face in life is fear. And yet, over and over again we hear God say in His Word, "*Do not be afraid.*" Throughout the Bible, there are stories of men and women just like you and me who had to hold faith over their fear, trusting that God was bigger than anything they faced. Join us for a month of Reading & Copying Scriptures that can speak into our deepest fears. Each week we will READ a different story of people who had every reason to be afraid, but God called them to move forward holding their faith high... And, each day we will COPY verses from God's Word which will speak into our own places of fear and build up our faith. May God's Word powerfully enable us to hold our faith above any fear we face in this life.
